—— 1918–1922: Siberian Expedition—Sanitation.

JAPAN. RIKUGUN-SYŌ [Kyūsui ni tuite] [Water supply] [13]p. 26cm. Tōkyō, 1924.

In: Siberia syuppei eisei si (Japan. Rikugun-syō) Tōkyō, 1924, **6**: 195; 209.

CONTENTS

p.195: Water supply from rivers.
p.196–200: Water supply obtained by melting ice and snow.
p.209–12: The opinions of various experimenters regarding the Okazaki-type filter.
p.213: Efficacy of chlorinated lime tablets as water purifiers.
opp. p.214: A survey of the water supply in various parts of the country [tab.]
before p.215: Table of properties of the water of various rivers.

JAPAN. RIKUGUN-SYŌ [Siberia ni okeru eisei zyōkyō] [Sanitary conditions in Siberia] p.113–209. 26cm. Tōkyō, 1924.

In: Siberia syuppei eisei si (Japan. Rikugun-syō) Tōkyō, 1924, **4**: Suppl.

CONTENTS

p.113–8: An example of a central heating apparatus in the Russian Army barracks.
p.118–20: Ventilation by means of the pechka.
p.141–4: The rapidly constructed pechka used as a field stove. Segawa, Y.
p.144: Studies on methods of regulating the temperature in freight cars.
p.145–8: Methods of construction of latrines for use in winter in barracks, in regions of extreme cold.
p.148: Extermination of flies.
p.149: Field mice in the Manchuli area.
p.150–209: Sanitary conditions in North Saghalien.

—— Syukuei [Housing] [70]p. 26cm. Tōkyō, 1924.

In: Siberia syuppei eisei si (Japan. Rikugun-syō) Tōkyō, 1924, **6**: 73; 90; 315.

CONTENTS

p.73–6: Houses of the local inhabitants.
p.77–87: The pechka, Yanagida, T.
p.90: A table of standard temperatures (C.) in the rooms of various kinds of buildings in Russia.
p.91: Mongolian huts. Kitamura, T.
p.92–7: Buildings in the Russian Army quarters.
p.97–143: Japanese Army quarters.
p.128–39: Equipment for winter quarters.
p.315: Details on housing.

Densenbyō wo baikai-suru kontyūrui no kuzyo [Extermination of insects carrying infectious diseases] In: Siberia syuppei eisei si (Japan. Rikugun-syō) Tōkyō, 1924, **6**: 329–54, 2 pl.—**Hihuku** (sen-yō oyobi bōkan-yō tokusyu hihuku no syurui [wo irete]) [Clothing (including special kinds of clothing used in fighting and protection against cold)] Ibid., 215–33, 5 pl.—**Ryōmatu-hin** tōketu zyōkyō oyobi sono hukugen-hō [narabi-ni] hankō naiyō no tōketu zyōtai oyobi bōtō-hō [The freezing of foods and methods of thawing [and] freezing of food in ordinary food containers and methods of prevention] Ibid., 177; 316.—**Sibuya, H.** Vladivostok haken-gun eisei zyōkyō no taiyō [Summary of the hygienic conditions prevailing in the Vladivostok expeditionary force] Gun idan zassi, 1924, 272–312.—**Tisitu** oyobi tihyō no tōketu [Nature of the soil and surface frost] In: Siberia syuppei eisei si (Japan. Rikugun-syō) Tōkyō, 1924, **6**: 6–11, diagr.—**Zyowai** [Cleaning up] Ibid., 233–50, 14 pl., plan.
